Day 1

Friday, 2026/02/13

Time	Topic
08:30-09:00	Registration
08:30-10:00	<ul style="list-style-type: none"> -Introduction to implant prosthetic components -Conventional impression techniques: open tray/close tray/snap technique
10:00 – 10:30	Break
10:30 – 12:30	<ul style="list-style-type: none"> -Fixed prosthetic treatment plan: cemented vs screw retained -Single restorations -Multiples restorations -Different materials and their indications -Occlusion
12:30 – 13:30	Lunch
13:30 - 15:00	<ul style="list-style-type: none"> -Prosthetic components for full arch restorations -Fixed full arch prosthesis vs overdentures
15:00 – 15:30	Break
	(Hands-on)
15:30 – 17:30	<ul style="list-style-type: none"> Impression taking open and closed tray Impression taking for full arch restorations Choice of abutments for cemented and screw retained prosthesis Choice of multi-unit abutments
17:30 – 18:00	Q & A

Day 2

Saturday, 2026/02/14

Time	
08:30–10:00	<ul style="list-style-type: none"> -Introduction to digital supported restoration: From single to multiple crowns -Intraoral scanner, Laboratory scanner, Photogrammetry -Implant scanbody: Role and selection criteria -Scanning strategy and scanner selection for optimum success
10:00 – 10:30	Break
10:30 – 12:30	<ul style="list-style-type: none"> -Digital Smile Design -Face scanning -Design of final restoration on abutment core file /cementation protocol on Ti base: Screw retained vs cemented restoration -Materials selection -Fabrication of implant crowns: Milling, staining and glazing
12:30 – 13:30	Lunch
13:30 - 15:00	<ul style="list-style-type: none"> -Concept of guided surgery -Digital implant planning and CBCT reading -Different implant planning software and role of AI
15:00 – 15:30	Break
15:30 – 17:30	<p>Hands-on training session on intra-oral scanning and design for implant prosthodontics:</p> <ul style="list-style-type: none"> •Selection and scanning of scan bodies •Design of implant crown •Milling, staining and glazing •Design and printing of a surgical guide
17:30 – 18:00	Q & A
