

# DUBAI BioHealth 2026

## 11 & 12 April

📍 **DAY 1:** Mövenpick Grand Plaza, Media City – Dubai  
**Advances in Ceramic Implantology & Biological Dentistry**  
**Integrative Approaches to Regeneration and Aesthetics**  
**Pioneering the Future of BioHealth in Dubai**

### HANDS-ON SESSION WITH IMPLANT SYSTEM

### PRF HANDS-ON MASTERCLASS

*Dr. Joseph CHOUKROUN*

📍 **DAY 2:** Total Core Academy. Sheikh Zayed Road, Dubai

Dr. David ROZE

Dr. Gregor HOČEVAR

Dr. Jahida AL JAMAL

Dr. Tobias STEINHERR

Dr. Elodie MARCHAL

Dr. Saurabh GUPTA

● **Gold Sponsor:**

**SDS** SWISS DENTAL  
SOLUTIONS

ROZE  
BIO HEALTH

● **Silver Sponsor:**

● **Bronze Sponsor:**

**mectron**  
medical technology

**naF**

**SAREMCO**

# DUBAI BIOHEALTH & CERAMIC IMPLANTOLOGY SUMMIT 2026

## DATES & VENUE

- **Dates:** Saturday–Sunday, 11–12 April 2026
- **Venue:** Mövenpick Grand Plaza – Media City, Dubai

## INTRODUCTION & OVERVIEW

Dubai BioHealth 2026 is a landmark global gathering focusing on biological dentistry, ceramic implantology, regenerative medicine, and integrative biohealth. Organized under the EACim umbrella, it will unite leading clinicians, researchers, and industry innovators.

Dubai is the ideal setting due to its safety, innovation, and global accessibility.

## EVENT HIGHLIGHTS

- One day of scientific sessions, case presentations, panel discussions, and demonstrations.
- A full PRF Hands-On Masterclass led by Dr. Joseph Choukroun.
- A curated industry exhibition for brands leading in implantology, biomaterials, digital technology, and regenerative science.

## EXPECTED ATTENDANCE

150–200 attendees, including oral surgeons, implantologists, biological dentistry practitioners, periodontists, prosthodontists, regenerative medicine specialists, academics, trainees, and industry innovators.

## CONFIRMED FACULTY

**Dr. Joseph Choukroun**  
PRF Masterclass Lead

**Dr. David Roze** (UAE)

**Dr. Gregor Hocevar** (Slovenia)

**Dr. Jahida Al Jamal** (UAE)

**Dr. Tobias Steinherr** (UAE)

**Dr. Elodie Marchal** (France)

**Dr. Saurabh Gupta** (India)

Additional speakers to be announced.

## REGISTRATION FEES

### SCIENTIFIC SESSIONS

**Early Bird Rate: AED 499** (valid until 1 March 2026)

**Regular Rate: AED 799**

**Gala Dinner - 400 AED**

**EACim Members: Complimentary**

**DAY 1**  
1-DAY ACCESS

### HANDS-ON TRAINING

#### IMPLANT SYSTEM WORKSHOP

**PRF Masterclass with Dr. Joseph Choukroun**

**Combined Fee: AED 3,000**

**DAY 2**

# Ceramic Implantology & Biological Integration:

## PROGRAM OUTLINE

April, 11  Mövenpick Grand Plaza

### Official Opening

09:15 – 09:45 **Registration & Welcome Coffee**

09:45 – 10:00 **Official Opening Ceremony**  
Welcome by Lara Tabet  
Emirati Protocol & UAE National Anthem

10:00 – 10:10 **EACim Presidential Address**  
Prof. João Caramês  
(Live or video message)

10:10 – 10:20 **Host Welcome Address**  
Dr. David Roze

### Biology, Medicine & Clinical Integration Morning Scientific Session

10:20 – 11:20 **Keynote Lecture**  
**Ceramic Implantology: Current Evidence and Future Directions**  
Dr. Tobias

11:30 – 12:30 **Inflammation, Biological Indexes and Pre-Surgical Optimization**  
Prof. Joseph (Y.) Choukroun

12:30 – 13:00 **Functional Medicine and Implant Success: A Systemic Perspective**  
Dr. Mai

13:00 – 14:00 **Lunch Break & Industry Exhibition**

### Afternoon Scientific Session

14:00 – 14:40 **Clinical Realities in Ceramic Implantology: Case Selection and Outcomes**  
Dr. Gregor Hočevár

14:40 – 15:20 **The Biology of Ceramic Implants: Evidence-Based Perspectives**  
Dr. Saurabh Gupta

# Ceramic Implantology & Biological Integration:

## PROGRAM OUTLINE

April, 11  Mövenpick Grand Plaza

15:20 – 15:40	Coffee Break
15:40 – 16:20	<b>Regenerative Endodontic Protocol (REP): Biological Decision-Making</b> Dr. Jahida
16:20 – 17:00	<b>Surgical consideration with piezosurgery in ceramic implantology</b> Dr Giancarlo Bianca
	<b>Closing</b>
17:00 – 17:15	<b>Closing Remarks</b> EACim & Organizing Committee
	<b>Hands-On Workshops (Parallel – Rotational Format)</b>
18:00 – 20:00	<b>Hands-On Room 1</b> Ceramic Implant Hands-On with SDS  <b>Hands-On Room 2</b> BioRife

# Bone & Soft Tissue Management with PRF & Sticky Bone:

## The Ultimate Course with the Introduction of Osteoimmunology

April, 12  Total Core Academy

By Dr Joseph CHOUKROUN MD.

### Learning PRF updates and predictable management of bone grafting & soft tissues

Since the first publication of PRF in 2001, our goal has been to continuously update the PRF preparation and to broaden its indications. The PRF OCEAN is the latest update from 2026. The recent introduction of the new bone science, osteoimmunology, highlights how the immune system controls bone formation and regulates bone loss. It also places the patient's health at the core of the rehabilitation strategy. The use of inflammatory indexes calculated from the patient's biology will help to set a prognosis and better predict the success of the surgery.

#### 1/ Last updates of PRF: PRF "OCEAN."

- Conditions of Blood Collection
- PRF preparation with Pompac: clot, membrane, patch, plugs, punched
- Indications: socket preservation, soft tissue improvement, sinus, bone grafting, and immediate loading
- PRF Ocean: why and how the PRF is salted

#### 2/ Guided open-wound healing with PRF: the solution with less stress

The new strategy for immediate implant after extraction & lack of soft tissues.

#### 3/ Bone management in sockets & around implants. Bone grafting success

- Osteo-immunology: how the immune system controls bone formation and regulates bone resorption
- Selection of biomaterials according to the immune response
- How sticky bone helps faster bone formation
- Influence of suture technique on soft tissue healing and wound closure
- How to place implants in bone grafts and avoid bone loss after bone grafts

#### 4/ Peri-implantitis should be considered as an immune disease

- Scientific rationale: immune mechanisms & solutions to avoid bone loss around implants

#### 5/ Inflammatory indexes: calculation at the time of consultation

The inflammatory indexes allow the surgeon to assess the patient's health and reflect the level of the immune system, and to calculate and use the indexes to set a prognosis for the surgical outcome. Presentation of the LINKOR: the device that allows the surgeon to perform blood tests and obtain results in the dental office with only 3 blood drops in only 15 minutes

#### 6/ Demo: PRF Ocean preparation & Sticky Bone

# Bone & Soft Tissue Management with PRF & Sticky Bone: PROGRAM OUTLINE

April, 12  Total Core Academy

8:30 – 10:30	<b>PRF</b> <ul style="list-style-type: none"> <li>- Definition. PRF solid (Advanced PRF) &amp; liquid (S-PRF &amp; i-PRF)</li> <li>- Contents</li> <li>- Preparation. Conditions to obtain the biggest clots</li> <li>- Fibrin regeneration properties</li> <li>- Clinical indications and conditions of use.</li> <li>- Limits</li> <li>- Use of i-PRF in TMJ &amp; facial aesthetics</li> </ul>
10:30 – 11:00	<b>Coffee Break</b>
11:00 – 13:00	<b>Osteoimmunology and Applications in Oral Surgery</b> <ul style="list-style-type: none"> <li>- How the immune system controls bone metabolism: biology</li> <li>- How the immune system becomes deficient: systemic and local conditions of chronic inflammation</li> <li>- How to improve the immune system: systemic &amp; local strategies</li> </ul>
13:00 – 14:00	<b>Lunch Break</b>
14:00 – 15:30	<b>Osteoimmunology and Applications in Oral Surgery</b> <ul style="list-style-type: none"> <li>- How sutures can induce local immune deficiency and bone loss</li> <li>- How implant placement can lead to local immune deficiency and bone loss <ul style="list-style-type: none"> <li>o In native bone</li> <li>o In grafted bone</li> </ul> </li> </ul>
15:30 – 16:00	<b>Coffee Break</b>
16:00 – 16:30	<b>Why Peri-Implantitis has an Immune Origin</b>
16:30 – 17:30	<b>Prediction of the Surgery Outcome:</b> The use of inflammatory indices. Presentation of the LINKOR.
17:30 – 18:00	<b>Demo. PRF Preparation &amp; Sticky Bone</b>
